AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Responsive the Office Action mailed February 15, 2002, please amend the above-identified application as follows:

IN THE SPECIFICATION

Please amend the specification as follows:

On page 6, please replace the last paragraph starting on line 30 with the following:

The content of fluorescent dye in the layer is equal to 0.1-10%.

On page 7, please replace the second paragraph starting on line 9 with the following:

The content of compound, capable to generate free radicals, in the recording layer 10 is

equal to 0.1-20%.

On page 8, please replace the fourth paragraph starting on line 13 with the following:

To create a recording layer of the present Invention, the above-mentioned ingredients are

dissolved in organic solvent or introduced in it as microcapsules less than 0.2 micron in size,
